

# Independent Review of the U.S. Department of State Accounting of FY 2017 Drug Control Funds and Related Performance Report (AUD-FM-18-25, March 2018)

## Summary of Review

The Office of National Drug Control Policy (ONDCP) requires National Drug Control Program agencies, including the Department of State, to report a detailed accounting and authentication of all funds expended on National Drug Control Program activities and to set and report on performance measures, targets, and results associated with those activities. OIG is required to express a conclusion about the reliability of each management assertion. Based on our review, OIG is not aware of any material modifications that should be made to management's assertions included in the report in order for the report to be fairly stated.
